SPLENDID HIRE

SOPHISTICATED WEDDING AT KINROSS HOUSE

KINROSS HOUSE

SOPHISTICATED WEDDING

The brief for this wedding was to create a sleek and sophisticated look with a slight masculine feel to it. To ensure the venue looked very different from the rustic ceilidh held the night before.

It was our first major outing for the cordless table lamps, these lamps create a stunning focal point down the centre of the tables both in the daylight but at night they really create their magic. The lamps are all controlled from a bluetooth tablet and last for at least 8 hours. The light setting can be changed according to the brightness required.

The glassware and cutlery were all kept as timeless classic with our old english EPNS silver cutlery with pistol grip knife and the Reidel range of classic glassware. Another first outing was our glass tube candlestick holders. We hope you agree that it all looked spectacular.

HANDMADE PIECES

Textured Charcoal Plate

Each of these textured charcoal plates have been handmade. The top of the plate has a modern dark grey finish with a natural outside edge. They can be styled in many ways, work as a charger placed down ready for a sharing platter. The perfect plate to make any food stand out when first served.
